

# Using Digication with Your Students

CTL  
Fall 2012

**Elizabeth Albert**, Institute for Core Studies

Digication's e-Portfolio software offers a wonderful opportunity for students to create an academic web-site displaying their accomplishments in a visually appealing, organized, and personal manner. It also has a variety of effective pedagogical uses and can be set up as a course website. This workshop will introduce using the e-Portfolio as a tool for teaching and learning, and also for preparing students to make presentations in the professional world.

**Date:** Monday, October 1

**Time:** 1:50 to 3:15 p.m.

**Location:** Library room 110 in the back of the University Learning Commons, Queens Campus
