

# Using Wikipedia to Promote Students' Research, Writing, and Critical Thinking Skills

Fall 2012

Writing Across the Curriculum/University Libraries/Center for Teaching and Learning

**Phyllis Conn**, Institute for Core Studies

**Jennifer Travis**, St. John's College of Liberal Arts and Sciences

**Ben Turner**, University Libraries

Although many frown on its use in Academia, Wikipedia offers new and fruitful ways for our students to interact with and contribute to the world of information. This workshop will discuss various ways that Wikipedia can be incorporated into students' research assignments, such as critiquing, editing, and creating Wikipedia entries. Presenters will discuss their own experiences, and will model techniques for effective pedagogical uses of Wikipedia.

**Date:** Thursday, September 20

**Time:** 1:50 to 3:15 p.m.

**Location:** Library room 110 in the back of the University Learning Commons, Queens Campus
